If Your Puppy Gets Sick or Hurt

Take this sheet with your puppy to the Veterinarian.

Contact your area leader and/or the school where you initially received your puppy from immediately. If it is an emergency, take your puppy to a veterinarian, then contact your area leader and/or the school as soon as possible.

Puppies are not to be neutered or spayed without approval from the school.

If your female comes into heat, contact your area leader to make arrangements.

For each time your puppy gets sick complete the following (use additional pages as necessary):

Initial Date of Illness: _____

Please describe briefly, on a separate sheet of paper, any experiences, behaviors, or events of a remarkable or unusual nature that you observed while the dog was in your care.

Instructions to the Veterinarian

In case of other illness or accident, and if time permits, call the school to request instructions or authorization for treatment of the puppy. If you are unable to reach a staff member, you are authorized to use your own judgement. If radiographs are necessary, please submit the films to the school.

Please furnish an itemized statement with any necessary billing.

For the following treatments, please complete the information. Thank you for your help and cooperation.
